RADIO NETWORKS

- Trunking & TETRA Radio Solutions
- VHF & UHF PMR Networks
- HF-SSB Radio Stations
- Microwave Links

COMMUNICATIONS

- VoIP Telephone Systems
- PAGA Infrastructure
- Intercom Facilities
- Hotline Telephones

TRANSMISSIONS

- Fibre Optic Terminal Equipment
- LAN / WAN Networks
- High Speed RF Links
- Satellite Transmissions

HAZARDOUS AREA

- Ex Telecom Equipment
- Ex Signalling Devices
- Ex Enclosures and Junction Boxes
- Ex Cable Glands and Plugs

SECURITY SYSTEMS

- CCTV and Alarms
- Access Control Systems
- Perimeter Intrusion Detection
- Fleet Management Software

AVIATION AND NAVIGATIONS

- Non Directional Beacon (NDB)
- Ground to Air Radios
- Marine Radio Communications
- GMDSS Navigation Package

TASHKOO has the technical knowledge, engineering skills & experiences to design and integrate complete systems and solutions in the form of Turn-Key projects. These services starts from site visit to complete system commissioning and maintenance. Many other technology suppliers only supply a portion of our services , this is our role to integrate the required systems and equipment from leading manufacturers and add our values of technical assurance , system built and design and supply a final working solution to our customers.
